Richard Perkins is a globally recognised leader in the field of Regenerative Agriculture and is the co-owner of Europe's foremost example, Ridgedale Farm, Sweden. He is the author of the widely acclaimed manual Regenerative Agriculture, regarded as one of the most comprehensive books in the literature.

His approach to no-dig market gardening and pastured poultry, as well as his integration of Holistic Management, Keyline Design and Farm-Scale Permaculture in profitable small-scale farming has influenced a whole new generation of farmers across the globe. Garnering more than 10 million views on his blog, and teaching thousands through his live and online courses, Richard continues to inspire farmers all over the globe with his pragmatic no-nonsense approach to profitable system design.

We aim to model very low  
start-up, quick-return  
enterprises

that below to do that on a very low cost now we've set up our farm up here in Sweden which is one of the most expensive

0:34 / 12:02

€10-20K start-ups that pay  
off investments and  
produce profit in year 1

here in Sweden which is one of the most expensive and highly regulated tax countries in the world and we

HOW TO START A FARM WITH NO MONEY S4 • E1

Any one of which could  
provide a family income

shoestring budget we spent about as much on the farm and doing it  
up as people spend on the average house here
