Mein Kommentar:

Hallo Mel, ja die wahre Liebe ist ohne Bedingungen.

Sie ist grenzenlos, das Licht der Seele, die Hoffnung des Geistes, die Verbindung mit deinem ganzen Sein.

Sie verbindet alle Herzen und Seelen im Geiste des Eins-Seins mit der ganzen Seelen-Einheit.

Wahre Liebe ist die ewige Treue, Wahrhaftigkeit und Reinheit in Gedanken, Worten und Werken.

In this video Paul Selig reads the transcript of a channeled lecture he originally delivered on February 27, 2021 as part of his intensive workshop titled Opening to Love.

In the beginning of this lecture, the Guides stress the importance of what love is not. For one to know what love is, one has to know all the ways that they are in agreement to what love isn't. Therefore, the Guides clearly state that when the agreement is made to be in love, immediately what takes place is the release of what love is not, which has actually obstructed love. These obstructions are simply the transactional ways in which we believe love exists, and the reasons we give to either love another or not. The Guides simply state to love another through qualifications, has nothing to do with love but rather with personal agenda and expectation. They end the lecture by walking you through an exercise that aligns you to Divine Love.
